

TEACHERS, please support development of our gigantic new Peace Garden
[Special Petition & Co-Founder's Certificate for Schools/Students Everywhere]

Together, we are "planting" (planning) the world's biggest peace garden...

NOTE TO TEACHERS: Thanks for downloading a hard-copy of our new petition (NOTE: Student's Garden Co-Founder Certificate Image is below). We appreciate your support of our Social-Action Initiative to create this HUGE new peace garden. As your students sign (first name only) they will learn that social-action builds their own health and the health of every community. They will essentially become key official co-founders of a huge new peace garden. Place their names & the current date on their own Certificate (see page #2). It is "Suitable for Color-Copying", plus framing and hanging in their room at home.

When you snail-mail this, your class petition-form, back to us (address below in RED) you will receive, via email, an official "**Congratulations & Thanks**" **Announcement** on our letterhead. Regarding your class's petition, it will be numbered (same number top & bottom) and the top part will be clipped/removed and placed into our historical archive. The bottom part, with only the first name of student co-founders + city, state & nation will eventually be given to our mayor. They will be delivered in a huge box when the campaign ends, along with other numbered class-petition forms, plus a printed list of all online petitions supporters who signed so that the mayor has formidable evidence supporting the "planting" of our HUGE peace garden.

Teachers, our goal this year is to reach and secure the help of "**Malala: The World's 1st Teen Nobel Peace Prize Laureate**" (a global champion of education) and also the US Department of Education so they can help us publicize our huge Social-Action Initiative. We want teachers & students **in every city of the USA and around the world** to share in the wholesome participation and satisfaction of being integral Official Co-Founders of creating and "planting" the world's biggest peace garden.

Teachers, return completed forms to: Atlanta: City of Peace, Inc., PO Box 724325 Atlanta, Georgia 31139 USA
